## A NEW RESOURCE FOR THE TEACHING OF TOURISM and SOSE

### CONTENT OF THE VIRTUAL TOURISM CD ROM

1. Using GIS in the teaching of Tourism (with both ArcView 3X and ArcGIS 9)
2. Spatial technologies for Tourism studies.
3. Virtual visuals links on the Internet.
4. Thematic mapping for understanding of tourist locations.
5. Internet resource for GIS in tourism.

**BOTH RESOURCES ONLY \$140**

Unlimited site license in a school

Virtual Tourism CD Rom = \$85

Tourism in the classroom DVD = \$110

- This innovative teaching resource is a new way to approach the study of tourism. In fact the resource and its links are a useful resource for Geography and SOSE world studies and helps to promote an understanding of the diversity of the globe.
- The product can be purchased either by itself for \$85 or combined with the 2006 'GIS in the classroom' DVD for \$140. These two resources together provide a rich interactive resource to support the teaching of tourism and world studies in the classroom.

## VIRTUAL TOURISM RESOURCE

A new CD Rom product to  
support the 'Tourism in the  
classroom' DVD released by  
the GTASA in 2006
