

# SA GEOGRAPHERS' FIELDWORK AWARDS YEARS 7-12 2023

The Fieldwork Awards challenge students in Years 7-12 in South Australia to investigate a geographical topic or issue of their choice

## OBJECTIVES

Using a variety of fieldwork data collection, presentation and analysis techniques students will complete an inquiry-based fieldwork project.

Entries can be:

- completed individually or in collaboration with students of the same year level.
- presented as a written report or in a multi-modal format, such as [StoryMaps](#).
- work completed in 2023 as part of SACE or International Baccalaureate Programmes

## JUDGING

Entries will be judged by a panel of experts according to: originality of fieldwork techniques; creativity in conveying geographical information; and the strength of conclusions and recommendations.

A winner will be selected from each year level from Year 7-12.

Years 7-9 (max. 1000 words or 6 minute equivalent)

Years 10-12 (max. 2500 words or 12 minute equivalent)

## WHY ENTER?

### Awards

- Year 7 - \$100
- Year 8 - \$100
- Year 9 - \$150
- Year 10 - \$175
- Year 11 - \$200
- Year 12 - \$200

Winners will be invited to an Awards Presentation with Her Excellency, The Governor of South Australia in 2024

Opportunity to compete against other students from across SA

Encourage interest in Geography at your school
