

# SA Geographers' Fieldwork Awards Years 7-12

## Entry checklist

### Make sure your entry:

1. Has a clear topic and the research question or hypothesis are simple and focused
2. Your inquiry has a strong spatial component (e.g. comparison of sites or analysis of a particular site)
3. Includes primary data which you have collected and secondary data
4. Keeps to the word limit (Year 7-9 max. 1,000 words/6 min. equivalent; Year 10-12 max. 2,500 words/12 min. equivalent)

### Judging criteria

- Innovative fieldwork techniques used to collect primary data
- Variety of tools (photos, graphs, maps etc) selected and used to convey geographic information
- Conclusions based on analysis and discussion of primary and secondary data
- Relevant recommendations made based on findings
